CONTENTS OF VOLUME 58 1987

(*All rights reserved*)

JAYARAJAN M. Prem & SHETTY P.S. Cardiovascular β-adrenoceptor sensitivity of undernourished subjects. 5

SMOLIN Lori A., GROSVENOR Mary B., HANDELSMAN David J. & BRASEL Jo Anne Diet composition and lipoprotein lipase (*EC* 3.1.1.34) activity in human obesity. 13

GIBSON R.S., BINDRA G.S., NIZAN P. & DRAPER H.H. The vitamin D status of East Indian Punjabi immigrants to Canada. 23

AKINYELE I.O. & AKINLOSOTU A. Contribution of cowpea (*Vigna unguiculata*) in a mixed diet to the nutrient intake of rural children in Ibadan. 31

HUSAIN R., DUNCAN M.T., CHEAH S.H. & CH'NG S.L. Effects of fasting in Ramadan on Tropical Asiatic Moslems. 41

SANDSTRÖM Brittmarie, DAVIDSSON Lena, KIVISTÖ Barbro, HASSELBLAD Claes & CEDERBLAD Åke The effect of vegetables and beet fibre on the absorption of zinc in humans from composite meals. 49

HALLMANS Göran, NILSSON Ulf, SJÖSTRÖM Rolf, WETTER Lars & WING Kenneth The importance of the body's need for zinc in determining Zn availability in food: a principle demonstrated in the rat. 59

SOUTHON Susan, GEE Jennifer M. & JOHNSON I.T. The effect of dietary protein source and guar gum on gastrointestinal growth and enteroglucagon secretion in the rat. 65

COYER Penny A., RIVERS J.P.W. & MILLWARD D.J. The effect of dietary protein and energy restriction on heat production and growth costs in the young rat. 73

WALLACE R.J., BRODERICK G.A. & BRAMMALL Margaret L. Microbial protein and peptide metabolism in rumen fluid from faunated and ciliate-free sheep. 87

SAKATA Takashi Stimulatory effect of short-chain fatty acids on epithelial cell proliferation in the rat intestine: a possible explanation for trophic effects of fermentable fibre, gut microbes and luminal trophic factors. 95

SUBERVILLE C., HIGUERET P., TARUOURA D., GARCIN H. & HIGUERET D. Relative contribution of cysteine and methionine to glutathione content and thyroid hormone levels in the rat. 105

HIDIROGLOU M. & KARPINSKI K. Vitamin E kinetics in sheep. 113

PRICE J., WILL A. Marie, PASCHALERIS G. & CHESTERS J.K. Identification of thiomolybdates in digesta and plasma from sheep after administration of ^{99}Mo-labelled compounds into the rumen. 127

ISTASSE L., MACLEOD N.A., GOODALL E.D. & ØRSKOV E.R. Effects on plasma insulin of intermittent infusions of propionic acid, glucose or casein into the alimentary tract of non-lactating cows maintained on a liquid diet. 139

SAKAGUCHI Ei, ITOH Hiroshi, UCHIDA Senji & HORIGOME Takao Comparison of fibre digestion and digesta retention time between rabbits, guinea-pigs, rats and hamsters. 149

ATTAIX D. & ARNAL M. Protein synthesis and growth in the gastrointestinal tract of the young preruminant lamb. 159

CALAM John, BOJARSKI Joanna C. & SPRINGER Caroline J. Raw soya-bean flour increases cholecystokinin release in man. 175

SHAH Raksha S., RAJALAKSHMI R., BHATT R.V., HAZRA M.N., PATEL B.C., SWAMY N.B. & PATEL T.V. Liver stores of vitamin A in human fetuses in relation to gestational age, fetal size and maternal nutritional status. 181

SHAH Raksha S., RAJALAKSHMI R., BHATT R.V., HAZRA M.N., PATEL B.C., SWAMY N.B. & PATEL T.V. Vitamin E status of the newborn in relation to gestational age, birth weight and maternal vitamin E status. 191

NILSSON U. & JÄGERSTAD M. Hydrolysis of lactitol, maltitol and Palatinit® by human intestinal biopsies. 199

JACKSON Alan A., BADALOO A.V., FORRESTER T., HIBBERT J.M. & PERSAUD C. Urinary excretion of 5-oxoproline (pyroglutamic aciduria) as an index of glycine insufficiency in normal man. 207

MIWA Takashi, SHOJI Hiromu, SOLOMONOW Moshe, YAZDANI Malektaj & NAKAMOTO Tetsuo Gestational protein–energy malnutrition affects the composition of developing skins of rat fetuses and their dams. 215

WARD F.W. & COATES M.E. Dietary fat and *N*-nitrosation in the rat. 221

MCBURNEY M.I. & THOMPSON L.U. Effect of human faecal inoculum on in vitro fermentation variables. 233

SMART J.L., MASSEY R.F., NASH S.C. & TONKISS J. Effects of early-life under-nutrition in artifically reared rats: subsequent body and organ growth. 245

JASKIEWICZ K., WEIGHT M.J., CHRISTOPHER K.J., BENADÉ A.J.S. & KRITCHEVSKY D. A comparison of the effects of soya-bean protein and casein on bile composition, cholelithiasis and serum lipoprotein lipids in the vervet monkey (*Cercopithecus aethiops*). 257

ALLEN J.D. & GAWTHORNE J.M. Involvement of the solid phase of rumen digesta in the interaction between copper, molybdenum and sulphur in sheep. 265

FULLER M.F., CADENHEAD A., MOLLISON G. & SEVE B. Effects of the amount and quality of dietary protein on nitrogen metabolism and heat production in growing pigs. 277

FULLER M.F., REEDS P.J., CADENHEAD A., SEVE B. & PRESTON T. Effects of the amount and quality of dietary protein on nitrogen metabolism and protein turnover of pigs. 287

REEDS P.J., FULLER M.F., CADENHEAD A. & HAY S.M. Urea synthesis and leucine turnover in growing pigs: changes during 2 d following the addition of carbohydrate or fat to the diet. 301

WALLACE R.J. & MCPHERSON Carol A. Factors affecting the rate of breakdown of bacterial protein in rumen fluid. 313

RUSBY Audrey A. & FORBES J.M. Effects of infusions of lysine, leucine and ammonium chloride into the hepatic portal vein of chickens on voluntary food intake. 325

WISE A., LOCKIE G.M. & LIDDELL J. Dietary intakes of phytate and its meal distribution pattern amongst staff and students in an institution of higher education. 337

MURGATROYD P.R., DAVIES H.L. & PRENTICE A.M. Intra-individual variability and measurement noise in estimates of energy expenditure by whole body indirect calorimetry. 347

COLE A.H. & OGBE J.O. Energy intake, expenditure and pattern of daily activity of Nigerian male students. 357

SCHOFIELD Claire, WHEELER Erica & STEWART Judy The diets of pregnant and post-pregnant women in different social groups in London and Edinburgh: energy, protein, fat and fibre. 369

MOBERG Anncatherine, HALLMANS Göran, SJÖSTRÖM Rolf & WING Kenneth R. The effect of wheat bran on the absorption and accumulation of cadmium in rats. 383

HEPPELL L.M.J., SISSONS J.W. & PEDERSEN H.E. A comparison of the antigenicity of soya-bean-based infant formulas. 393

VIGNE Jean Louis, LAIRON Denis, BOREL Patrick, PORTUGAL Henri, PAULI Anne-Marie, HAUTON Jacques Christian & LAFONT Huguette Effect of pectin, wheat bran and cellulose on serum lipids and lipoproteins in rats fed on a low- or high-fat diet. 405

DOLLET Jean-Marc, BECK Bernard, MAX Jean-Pierre & DEBRY Gérard Protein–energy malnutrition in pregnant rats improves the adaptation of the endocrine pancreas in malnourished offspring and induces insulin resistance after rehabilitation. 415

CRASS R.A., OATES P.S. & MORGAN R.G.H. The effect of fasting on enzyme levels in the enlarged and involuting rat pancreas. 427

ODDY V.H., LINDSAY D.B., BARKER P.J. & NORTHROP A.J. Effect of insulin on hind-limb and whole-body leucine and protein metabolism in fed and fasted lambs. 437

HILTON John W., ATKINSON James L. & SLINGER Stanley J. Evaluation of the net energy value of glucose (cerelose) and maize starch in diets for rainbow trout (*Salmo gairdneri*). 453

BRODERICK Glen A. Determination of protein degradation rates using a rumen in vitro system containing inhibitors of microbial nitrogen metabolism. 463

HUNTER R.A. & VERCOE J.E. Reduction of energy requirements of steers fed on low-quality-roughage diets using trenbolone acetate. 477

VAN DER WESTHUYZEN Justin, DAVIS Richard E., ICKE Graham C. & METZ Jack Tissue folates in fruit bats (*Rousettus aegyptiacus*) with nitrous oxide-induced vitamin B_{12} deficiency and neurological impairment. 485

WAKITA M. & HOSHINO S. Effect of sugar fatty acid esters on rumen fermentation in vitro. 493

BALNAVE Derick & YOSELEWITZ Israel The relation between sodium chloride concentration in drinking water and egg-shell damage. 503

BUDOWSKI P., LEIGHFIELD M.J. & CRAWFORD M.A. Nutritional encephalomalacia in the chick: an exposure of the vulnerable period of cerebellar development and the possible need for both ω6- and ω3-fatty acids. 511

QUAM Darcy D., MORRIS James G. & ROGERS Quinton R. Histidine requirement of kittens for growth, haematopoiesis and prevention of cataracts. 521

NAISMITH Donald J. & ROBINSON Siân M. Adaptations in protein metabolism during lactation in the rat. 533

SUTTLE N.F., JONES D.G., WOOLLIAMS C. & WOOLLIAMS J.A. Heinz body anaemia in lambs with deficiencies of copper or selenium. 539
